Totem

The Totem kiosk features a highly attractive 32-inch screen with a resolution of 2048 x 1152 pixels. It has been designed for the comfort of your customers' eyes, but also for ease of use and data encoding.

It has an all-glass surface, with the touch screen installed underneath. This design is easy to clean and gives the kiosk an eye-catching, high-end appearance.

All our kiosks come with an ID card reader.

The NFC reader and the Barcode reader are optional.
